

Winter Session 2019 – Overview

We will courageously explore our transition from African Kings, Queens, Warriors & Kingdoms to America.

This is "our story"

Our Master Teachers have created age appropriate lessons & activities that will teach "truth to power" on this sensitive and important topic to our children, their parents and interested adults about "our journey & transition".

Activities:

Field trips to local historical sites and museums will be offered. Join us as Seba Enrichment Academy continues to explore our evolution from "Greatness to Greatness!"

Winter Session 2019 – Adult Classes

The purpose of the adult curriculum in Seba Enrichment Academy is to help adults gain new forms of knowledge, attitude and beliefs which will help shape how their children learn and feel empowered to become self-confident, wise and compassionate individuals who are committed to lifelong learning and community service. ***Due to the sensitive nature, and importance of this topic, we strongly encourage you to attend the adult classes. By doing so you will be able to discuss and have courageous conversations with your children reminding them of their ancestor's strength and our evolution from "Greatness to Greatness"!***
